

THE BUS BOYS

A Road Trip With a Cause

In a nutshell, our mission is to spread the word and raise \$50,000 for the "Children of Fallen Soldiers Relief Fund", a nonprofit organization who's purpose is to provide college grants and financial assistance to surviving children and spouses of U.S. military

service members who have lost their lives in the Iraq and Afghan wars. We, as university students, know how beneficial and exciting college is and we would hate for others to miss this experience because of factors outside of their control. We recently acquired a

1984 chevy short bus which we plan on converting into our living space and road-trippin' machine and travel around the country, campaigning for CFSR.

Where We Came From, Where We're Going

The four of us are all from Saratoga, California, a small suburban area just outside of San Francisco. We have been best friends since childhood and came up with the idea to travel around the country, exploring the culturally relevant hotspots while at the same time spreading the word about a cause we believe in.

"ONLY TWO PEOPLE HAVE EVER DIED FOR YOU. ONE WAS JESUS CHRIST AND THE OTHER WAS AN AMERICAN G.I. ONE DIED FOR YOUR SOUL, THE OTHER DIED FOR YOUR FREEDOM"

The Plan

We will depart July 19th and commence what we believe will be the journey of a lifetime. The places we are visiting (Please see itinerary) are tourist hotspots and culturally relevant places that we will set up tent and campaign for our cause, asking for donations. Publicity is a big part of our mission and accordingly we are working on setting up radio interviews during our travel. Our goal, over the course of four weeks, is to raise over \$50,000. Throughout the journey we will film our adventures and promotions of the cause and eventually make a documentary of our travels.

Where You Come In

The exterior of our bus is, as of now, a little blank. That is why we are offering you the unique experience of advertising on it. Your donation will go mostly to the Children of Fallen Soldiers Relief fund and partly to funding our trip. We feel that the positive media coverage we have and will be getting will benefit your company immensely. Imagine hundreds of thousands of people seeing your logo on a vehicle representing such a great cause. Together, we can shatter modern day America's notion that business is selfish and corrupt and show people that your company is morally responsible enough to push for something greater than making money.

With your contribution you are both contributing to great cause and also advertising your name and product. With you at our side, we feel that we can mutually benefit from the accomplishments that we will achieve from this trip. Please contact us back as soon as possible so that we can discuss further the details of our venture. Thank you for your time and we are looking forward to hearing back from you!
